

POLAR GLASS CLEANER & DE-ICER

Description

POLAR GLASS CLEANER & DEICER contains a unique blend of additives that together create the most effective and newest sub-zero automotive glass cleaner & de-icer. POLAR is specifically fitted with a Trigger for EASE OF USE & JET-SPRAY. No streaking formula cleans and de-ices at temperatures as low as **-25°C**.

Use/Benefits

- Quickly melts ice and cleans windows even in extreme cold
- Good for up to **-25°C**
- Improves cold weather driving visibility
- Trigger handle for 'ease of use' when wearing gloves
- Does not streak, slows further ice build-up

Physical Properties

Colour	-	Clear/Colourless
