

## ENGINE DEGREASER

### Description

ENGINE DEGREASER is a blend of grease cutting detergents in mineral spirits which will dislodge oils, lubricants and grease from engine parts so that they will wash away quickly and efficiently with water. This product can be used on automotive, power mowers, boats and tractor engines. (Note: engine should be warm, but not running and product should be sprayed liberally according to directions and allowed to soak for 10-15 minutes. Also take note of the surface below that you will be washing oil/grime onto.

### Use/Benefits

- SAFE for *under-the-hood* rubber and plastic parts
- Removes built up grease from engine compartments
- Designed for use on all non water sensitive parts
- Formulation will not leave residue after the engine is rinsed
- Leaves attractive 'high-lustre' finish
- Protective FINISH makes next engine clean-up EASIER

### Physical Properties

Colour	-	Clear/Colourless
Odour	-	Mild solvent
pH	-	Not applicable
Flammable	-	Yes

### Package

Can size: 20 oz  
450 grams (15.9 oz)

### Product

11111-BT103
