

WHITE GREASE

Description

WHITE GREASE serves as a high quality, multipurpose lubricant for most industrial and home applications. It provides long-lasting lubrication with excellent water and heat resistance properties.

Use/Benefits

- **WATER-BASED WHITE GREASE FORMULATION IS NON-STAINING**
- Provides good performance under high friction loads, rubbing and wiping action
- For industrial, automotive and household usages. (e.g. brake and gear shift mechanisms, steering parts, hinges, springs, latches, distributor cams, speedometer cables, etc.)
- Provides water barrier to prevent rusting and corrosion
- Aerosol format w/extension tube allows penetration in “hard to get” locations

Physical Properties

Colour	-	Off-white
Odour	-	Mild solvent
pH	-	Not applicable
Flammable	-	Yes

Package

Can size: 16 oz
312 grams (11 oz)

Product

11111-BT305
