

## CHEWING GUM REMOVER

### Description

A high pressure liquid aerosol which causes instant freezing when discharged to embrittle gum or wax. Use on most surfaces including carpets, wood, floors, marble, cement, terrazzo, etc.

### Use/Benefits

- Convenient and easy, ready to use
- Freezing action to embrittle gum is infinitely faster than slow dissolving solvents
- Freezing liquid has no solvent action on adjacent surfaces
- Snorkel tip and tube provide pin point application

### Physical Properties

Appearance	-	Colourless spray
Odour	-	Odourless
pH	-	Not applicable
Flammable	-	Yes

### Package

Can size: 16 oz  
235 grams (8.3 oz)

### Product

11111-BT204
