

GERMICIDAL (Disinfectant Foam)

Description

GERMICIDAL DISINFECTANT FOAM Cleaner is a pressurized spray that cleans and disinfects hard washable surfaces. Cleans and disinfects bath tubs, sinks, shower stalls, walls, counter tops, ceramic tiles and other environmental hard surfaces.

Use/Benefits

- Cleaner-Disinfectant-Deodorizer
- Aerosol foam minimizes runs and drips by clinging to vertical surfaces
- Ideal for use in nursing homes, hospitals, medical clinics, doctor's offices, food processing establishments, etc.
- No mixing or measuring required
- Easy to use
- Regulated by HPB Canada, DIN #02004314
